It does not apply to other content or websites published on any of its subdomains. These websites and their content will have their own specific accessibility statement.

This website is managed by HONOR. It is designed to be used by as many people as possible, including persons with disabilities.

You should be able to:

- zoom up to 200% without problems
- navigate most of the website using just a keyboard
- navigate most of the website using a modern screen reader and speech recognition software (on your computer or phone)

Compatibility with browsers and assistive technology

The HONOR websites are designed to be compatible with the following most used assistive technologies:

- the latest version of Google Chrome, Microsoft Edge, Mozilla Firefox and Apple Safari browsers;

- in combination with the latest versions of NVDA and TalkBack.

Compliance status

This website is designed to comply with the [technical standard for websites and mobile apps, EN 301 549 v.3.2.1](#)(2021-03),EN 301549 V4.1.1c(draft). This closely follows level ‘AA’ of the [Web Content Accessibility Guidelines \(WCAG\) version 2.2](#).

This website is partially compliant with [technical standard EN 301 549 v.3.2.1](#) and the [Web Content Accessibility Guidelines \(WCAG\) version 2.2](#).

Because content is constantly in development, some areas may not consistently reflect adherence to this standard.
